Hello, Friends!

2026 is poised to be a landmark year as we reflect on our remarkable park system in Lancaster, Ohio. As the current President and member of the Friends of Lancaster Parks, I am so excited to share with you our latest news regarding the parks. Thanks to your continued support and the support of our wonderful community, the new Miller Park will become a reality soon. It will feature an all-access ball field and an all-access playground thanks to a community partnership with Lancaster Rotary and the all-access ball field community.

In addition to Miller Park, we are excited to see the development of Bowers Park. The staff has been working very hard to get the fields ready. We appreciate the family and friends of Merrill Bowers, who donated the land to enlarge our offerings to the community.

Finally, our local parks administration used a state grant to update Elmwood Park. The old, deteriorated tennis court and existing playground have been removed. The new Elmwood Park will be officially welcomed in late March or early April. It is amazing!

Supporting our glorious park system is a labor of love. I hope you will join me and many others by becoming a Friend of Lancaster Parks and Recreation. With the support of people like you, we can keep our parks and our community a healthy and happy place to be with our children and families. I look forward to working with you and to making a difference in our community, and thank you for your continued support. We know that our investment provides individuals, families, and kids the opportunity to play and grow in a safe environment. We love our park system, and it shows.

Don't forget to follow us on Facebook and Instagram!

Warmly,

Mike Lieber
President, Friends of Lancaster Parks and Recreation

Support. Promote. Encourage.
